

This is a matching exercise for children. At the top, there are five blue diamonds, each containing a number: 1, 2, 3, 4, and 5. Below these are six green circles, each containing a different number of cartoon birds. A dashed line connects the diamond with the number 5 to the circle containing 5 birds. The other circles contain 4, 2, 1, 3, and 1 birds respectively.
